Scholarships for Study Visits Abroad 2018
Issued by Bielefeld University’s International Office

DAAD PROMOS Programme

Rectorate Scholarship
Certain scholarships are no longer offered directly by the German Academic Exchange Agency (DAAD) since changing its programme structure in 2010. Instead the Universities receive funds and can now award scholarships themselves (“PROMOS Programme”).

Apart from the PROMOS partial scholarships Bielefeld University’s International Office is also able to award scholarships through the further programme: the Rectorate Partial Scholarship.

Applications for these programmes can be submitted using the following links:

Please note that in the case of research visits and thesis work “Study” must be stated under “Type of Stay”.

1. The application deadline for going abroad between January and July is 31.10. of the previous year for all three scholarships.
2. The application deadline for visits between July and February is 31.05. of the same year for all three scholarships.
3. There is also a third application deadline for stays relating to internships (worldwide) or research visits/thesis preparation (worldwide). For the funding period February to July (incl.) the application deadline is 15.01. of the same year.

Please note that applications may only be submitted for one of the two scholarships. It is essential that any additional scholarships provided by the Faculty or by other sources during the period abroad are stated. Reference must also be made in the application to any student loan for abroad (Auslands-BAföG) awarded for studying abroad during the period!
