The Collaborative Research Centre (CRC) 1283 “Taming uncertainty and profiting from randomness and low regularity in Analysis, Stochastics and their applications” offers a part-time research position starting as soon as possible (E13 TV-L, non-permanent position).

Main responsibilities

The successful candidate will participate in the CRC project B4 “Stochastic dynamics on networks and metastability” and contribute to the research on the effect of noise on dynamical systems.

For further information see https://www.sfb1283.uni-bielefeld.de/projects/view/39

Applicant’s Profile

The successful candidate is expected to have:

- university degree in Mathematics
- solid knowledge of Probability Theory, in particular Stochastic Analysis, or Dynamical Systems
- basic knowledge of the other field
- good knowledge of English
- the ability to communicate and to do research in a team

Remuneration

Salary will be paid according to Remuneration level 13 of the Wage Agreement for Public Service in the Federal States (TV-L). As stipulated in § 2 (1) sentence 1 of the WissZeitVG (fixed-term employment), the contract will end on June 30, 2021. In accordance with the provisions of the WissZeitVG and the Agreement on Satisfactory Conditions of Employment, the length of contract may differ in individual cases. The employment is designed to encourage further academic qualification. The position is advertised as a 75 % part-time job. In individual cases, this percentage may be reduced on request, as long as this does not conflict with official needs.

Bielefeld University is particularly committed to equal opportunities and the career development of its employees. It offers attractive internal and external training and further training programmes. Employees have the opportunity to use a variety of health, counselling, and prevention programmes. Bielefeld University places great importance on a work-family balance for all its employees.

Application Procedure

Your application should be received via either post or email (a single PDF) document sent to gentz@math.uni-bielefeld.de at latest by 3rd of September 2018. Please include your CV, a statement of your research interests and arrange for a letter of recommendation to be sent directly to gentz@math.uni-bielefeld.de. Please mark your application with the identification code: wiss18202. Please do not use application portfolios and send only photocopies of original documents because all application materials will be destroyed at the end of the selection procedure.

Bielefeld University has received a number of awards for its achievements in the provision of equal opportunity and has been recognized as a family friendly university. The University welcomes applications from women. This is particularly true with regard both to academic and technical posts as well as positions in Information Technology and Trades and Craft. Applications are handled according to the provisions of the state equal opportunity statutes. Applications from suitably qualified handicapped and severely handicapped persons are explicitly encouraged.
