

Evaluation for The Bielefeld Young Researchers' Fund, Career Bridge Scholarship Master – Doctorate

Instructions on preparing the evaluation

You have been asked to supply an evaluation of someone wishing to apply for a doctorate completion scholarship from the Bielefeld Young Researchers' Fund. This evaluation is essential to their application. Please fill in the form below. If you do not have a digital signature you can either print out the completed pdf-document, sign it by hand and scan the document or you can send us the completed pdf-document without a signature from your personal email account. All evaluations must be sent before the next deadline of the Bielefeld Young Researchers' Fund (usually 01. April or 01. October), indicating the reference "Evaluation_name of candidate" to nachwuchsfonds@uni-bielefeld.de

General information

Your name:

Candidate's name:

General information on the candidate

Since when have you known the candidate, and in which context did you meet him or her?

How does the candidate set himself or herself apart from the other students?

How do you evaluate the candidate in respect of the following criteria:

[please tick]

	NOT TOP 50% of my students	TOP 50% of my students	TOP 20% of my students	TOP 5% of my students
Critical analysis and sagacity				
Capability of solving scientific problems				
Level of awareness and knowledge				
Ability to view their project in a wider context				
Efficiency in time and resource management				

Information on the intended dissertation project

How do you evaluate the intended dissertation project especially with respect to “innovation” and “methodological demands”? How much of the project is/was designed by the applicant themselves, and how much is set by you/the relevant research group?

Is the provision of material resources, which the candidate may need for carrying out the bridging scholarship master-doctorate, guaranteed? If yes, how?
